

SUPPORT A NEW GENERATION OF AVIATORS!

And buy a great new airplane to do so.....

TeenFlight Campbell River Society's Vans RV12 C-FPUN is for sale by auction. C-FPUN was built in Campbell River, British Columbia, Canada by high school students enrolled in the TeenFlight program. Construction was overseen by experienced mentors and aircraft maintenance engineers during the 2014 to 2016 school years. We are now offering our aircraft for sale by auction to support the funding for a new RV12 kit to be constructed by our next group of eager students!

C-FPUN currently has about 40 hours total time on both the airframe and engine. Most of the students involved in building the airplane were **thrilled** to be up for a flight in C-FPUN after their years of effort building. C-FPUN is powered by a Rotax 912 ULS 100 hp engine and has a cruise speed of about 130 mph for a 4.5 gph fuel burn. **Great performance combined with great economy!** Options include ADS-B, Dynon Skyview, lighting kit, wheel fairing kit, canopy trim kit and glareshield. Factor in about 1000 person hours to build it, and the cost of a spectacular paint job in your bid.

C-FPUN is licenced in the Amateur Built category in Canada which is roughly equivalent to the Experimental category in the United States. The airplane could be imported to the United States as Experimental but is not eligible to be imported in the LSA (Light Sport Aircraft) category. As a convenience to a successful bidder who resides in the United States, C-FPUN will be delivered to an airport in Washington State or Oregon.

View the photos and a walk around video of C-FPUN at www.teenflight.ca. The aircraft may be viewed at the Campbell River airport (CYBL). Call Bill Alder at 250-287-6259 to arrange a viewing, or if you have any specific questions about the plane.

C-FPUN will be sold to the party placing the highest bid. Bidding will commence on April 1st 2017 and close at 19:00 PDT on Sunday May 14th. Reserve bid is \$US 79,000. If a "BUY IT NOW" bid of \$US 105,000 is received, the auction will close. Bidders' names will be kept confidential. Only the current highest bid will be visible on the auction website. If you are going to bid please read the terms and conditions of the auction and the description of the aircraft carefully as your bid will constitute a legal contract to purchase the plane. All sales are final and there will be no exchanges.

Please bid to support this worthy effort to encourage youth in aviation!
